The English Program at ACSP

The English Program at ACSP started in 2006 under the direction of Brother Sakda Kitcharoen. Initially, the program had only three levels, P1, P4 and M1 with five foreign teachers and six Thai teachers. Each year the program grew until all 12 levels were filled six years later.

Currently there are over 660 students enrolled in the EP Program. There are 24 foreign teachers and 28 Thai co-teachers.

Why Choose the EP Program at ACSP?

For all parents, the education of their children is of the greatest importance and selecting the right school is not an easy task.

The benefit of a sound education is one of the greatest gifts a parent can bestow on a child. It is something that the child cannot lose or have taken away. It will greatly influence the realization of their potential and will enhance their chances of leading a successful life. As one of the Saint Gabriel Foundation Schools, ACSP is acknowledged as one of the leading schools in Thailand. It has offered quality education to generations of young men and women.

The English Program's goal is to provide each student with an excellent education which will prepare them for a successful independent future.

To achieve our goal, we offer:

- A highly qualified teaching staff of native English speakers
- Mindful discipline for students
- Ethics and Thai Culture instruction
- Student leadership instruction & organizations
- Small class sizes
- Innovative academic instruction
- An international atmosphere
- A systematic approach to university examinations

The EP Curriculum

EP incorporates a curriculum with an integrated learning methodology and various educational activities. This curriculum instills morality and ethics from the Saint Gabriel Foundation. EP provides two classes for each level (P1 – M6) with 30 students per class. For Secondary 4 to 6, there are two programs: Mathematics and Science and English for International Studies (EIS).
